

Carolina Crossroads I-20/26/126 Corridor Project Reasonable Alternatives Public Information Meeting

Hello,

The South Carolina Department of Transportation invites the public to review the proposed I-20/26/126 corridor solutions and drive the conversation about upcoming improvements at our next public meeting.

Date: September 19, 2017
Time: 12:00 – 7:00 p.m. (No formal presentation will be given)
Location: Columbia Conference Center
169 Laurelhurst Avenue, Columbia, SC 29210

Join us anytime between 12:00 p.m. and 7:00 p.m. by attending the meeting. A formal presentation will not be given. The purpose of the meeting is to present and solicit comments from the public on the Reasonable Alternatives that are recommended to move forward in the Draft Environmental Impact Statement. Information will be provided to explain the process used to evaluate and eliminate interchange design options introduced at the October 2016 public meeting and to develop holistic representative alternatives. Interactive display maps showing details of the Reasonable Alternatives will be available for review.

For those who are not able to attend the meeting in person, an online version of the meeting will be available from September 5 to October 19, 2017 on the project website at www.SCDOTCarolinaCrossroads.com.

Comments

The public will have 30 days after the Reasonable Alternatives Public Information Meeting to submit comments on the proposed alternatives. Comments are due by October 19, 2017 and can be emailed to info@CarolinaCrossroadsSCDOT.com, recorded via the Project Hotline number at 800-601-8715 or mailed to:
Carolina Crossroads Corridor Project
C/O South Carolina Department of Transportation
Midlands Regional Production Group, Room 418
PO Box 191
Columbia, SC 29202-0191

Often called "Malfunction Junction," the I-20, I-26 and I-126 interstate corridor is the crossroads of the state economy and serves as the major hub for the Midlands' commuters, travelers and commerce. The Carolina Crossroads Project will improve local mobility, safety and system linkages in the corridor, reduce traffic congestion and accommodate future traffic needs. SCDOT is driving toward a 2019 destination when a contractor will take this project to construction. Your participation at this stage is critical. It's your road. Drive the conversation!

The meeting location is ADA accessible. Persons in need of a sign language interpreter, Spanish or other language interpreter, an assistive listening device, large print or Braille material, or other accommodation to participate should contact Ms. Nicole Riddle at 803-737-0841. For the Hearing Impaired, please call 855-GO-SCDOT for assistance.

Title VI of the Civil Rights Act of 1964

SCDOT will take reasonable steps to ensure that no person shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefit of, or be subjected to discrimination under any program or activity receiving federal financial assistance.

Sincerely,

Brian D. Klauk, PE, CPM, ENV SP
Special Programs Manager
