The Central Midlands Council of Governments (herein referred to as the "Recipient"), HEREBY AGREES THAT, as a condition to receiving any Federal financial assistance from the U.S. Department of Transportation (DOT), through Federal Highway Administration, Federal Transit Administration, and South Carolina Department of Transportation, is subject to and will comply with the following:

### **Statutory/Regulatory Authorities**

- Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et seq., 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin);
- 49 C.F.R. Part 21 (*entitled Non-discrimination In Federally-Assisted Programs Of The Department Of Transportation--Effectuation Of Title VI Of The Civil Rights Act Of 1964*);
- 28 C.F.R. section 50.3 (U.S. Department of Justice Guidelines for Enforcement of Title VI of the Civil Rights Act of 1964);

The preceding statutory and regulatory cites hereinafter are referred to as the "Acts" and "Regulations," respectively.

### **General Assurances**

In accordance with the Acts, the Regulations, and other pertinent directives, circulars, policy, memoranda and/or guidance, the Recipient hereby gives assurances that it will promptly take any measures necessary to ensure that:

*"No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity," for which the Recipient receives Federal financial assistance from DOT, including the Federal Highway Administration.*

The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI and other Non-discrimination requirements (The Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973), by restoring the broad, institutional-wide scope and coverage of these non-discrimination statutes and requirements to include all programs and activities of the Recipient, so long as any portion of the program is Federally assisted.

### **Specific Assurances**

More specifically, and without limiting the above general Assurance, the Recipient agrees with and gives the following Assurances with respect to its Federal Aid Highway & Transit Programs.

1. The Recipient agrees that each "activity," "facility," or "program," as defined in §§ 21.23 (b) and 21.23 (e) of 49 C.F.R. § 21 will be (with regard to an "activity") facilitated, or will be (with regard to a "facility") operated, or will be (with regard to a "program") conducted in compliance with all requirements imposed by, or pursuant to the Acts and the Regulations.
2. The Recipient will insert the following notification in all solicitations for bids, Requests for Proposals for work, or material subject to the Acts and the Regulations made in connection with all Federal Aid Highway and Transit Programs and, in adapted form, in all proposals for negotiated agreements regardless of funding source:

*"The Central Midlands Council of Governments, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252.42 U.S.C. §§ 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award."*

3. The Recipient will insert the clauses of Appendix A and E of this Assurance in every contract or agreement subject to the Acts and the Regulations.
4. The Recipient will insert the clauses of Appendix B of this Assurance, as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a Recipient.
5. That where the Recipient receives Federal financial assistance to construct a facility or part of a facility, the Assurance will extend to the entire facility and facilities operated in connection therewith.
6. That where the Recipient receives Federal financial assistance in the form, or for the acquisition of real property or an interest in real property, the Assurance will extend to rights to space on, over, or under such property.
7. That the Recipient will include the clauses set forth in Appendix C and Appendix D of this Assurance, as a covenant running with the land, in any future deeds, leases, licenses, permits, or similar instruments entered into by the Recipient with other parties:
  - a. for the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and
  - b. for the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project or program.
8. That this Assurance obligates the Recipient for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or structures or improvements

thereon, in which case the Assurance obligates the Recipient, or any transferee for the longer of the following periods:

- a. the period during which the property is used for a purpose for which the Federal financial assistance is extended, or for another purpose involving the provision of similar services or benefits; or
- b. the period during which the Recipient retains ownership or possession of the property.

9. The Recipient will provide for such methods of administration for the program as are found by the Executive Director or the official whom he/she delegates specific authority to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the Acts, the Regulations, and this Assurance.

10. The Recipient agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the Acts, the Regulations, and this Assurance.

By signing this ASSURANCE, Central Midlands Council of Governments also agrees to comply (and require any sub-recipients, sub-grantees, contractors, successors, transferees, and/or assignees to comply) with all applicable provisions governing Federal Highway Administration, Federal Transit Administration or South Carolina Department of Transportation access to records, accounts, documents, information, facilities, and staff. You also recognize that you must comply with any program or compliance reviews, and/or complaint investigations conducted by the Federal Highway Administration, Federal Transit Administration or South Carolina Department of Transportation. You must keep records, reports, and submit the material for review upon request to Federal Highway Administration, Federal Transit Administration, South Carolina Department of Transportation, or its designee in timely, complete, and accurate way. Additionally, you must comply with all other reporting, data collection, and evaluation requirements, as prescribed by law or detailed in program guidance.

The Central Midlands Council of Governments gives this ASSURANCE in consideration of and for obtaining any Federal grants, loans, contracts, agreements, property, and/or discounts, or other Federal-aid and Federal financial assistance extended after the date hereof to the recipients by the U.S. Department of Transportation under the Federal Highway Administration, Federal Transit Administration and South Carolina Department of Transportation. This ASSURANCE is binding on other recipients, subrecipients, sub-grantees, contractors, subcontractors and their subcontractors', transferees, successors in interest, and any other participants in the Federal Aid Highway & Transit Programs the person(s) signing below is authorized to sign this ASSURANCE on behalf of the Recipient.

## II. POLICY PURPOSE, GOALS & OBJECTIVES

---

The CMCOG-COATS MPO provides a framework for targeted efforts to identify, seek out and engage environmental justice populations (minority and low-incomer persons) as well as others who are traditionally underserved by the transportation system (those with limited English proficiency, seniors, and persons with disabilities).

The foundation for these efforts is stated in Title VI of the Civil Rights Act of 1964<sup>1</sup>:

“... No person in the United States shall, on the basis of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program receiving Federal financial assistance ...”

Further reinforcement was established by the President’s 1994 Executive Order on Environmental Justice<sup>2</sup>, which states:

“... Each Federal agency shall make achieving environmental justice part of its mission by identifying and addressing, as appropriate, disproportionately high and adverse human health or environmental effects of its programs, policies, and activities on minority populations and low-income populations ...”

The purpose of the CMCOG-COATS MPO’s Title VI Policy is to ensure that plans, programs, and processes developed by the MPO consider the needs of environmental justice populations and those traditionally underserved by the transportation system, adhering to the provisions of the Americans with Disabilities Act of 1990 (ADA), Section 504 of the Rehabilitation Act of 1973, and Title VI of the Civil Rights Act of 1964. The goal is to ensure that federally funded transportation projects in the CMCOG-COATS MPO region do not disproportionately burden these populations, such that they are denied the benefits of the projects. The objectives of the Policy are to:

1. Accurately identify the environmental justice and traditionally underserved populations residing in the CMCOG-COATS MPO region;
2. Expand the involvement of environmental justice and traditionally underserved populations in the transportation planning process; and
3. Ensure that the CMCOG-COATS MPO’s governing body is aware of the needs of these environmental justice and other traditionally underserved populations and considers these needs in decisionmaking regarding the MPO’s transportation investment program.

<sup>2</sup> Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low Income Populations, 1994.

CMCOG-COATS MPO has coordinated its Title VI Policy with its Public Participation Plan and Language Assistance Plan, making each plan known among its constituent counties and local governments for the purpose of increasing awareness and tools for public participation.

### **III. PUBLIC OUTREACH PROGRAM**

---

The CMCOG-COATS MPO ensures all outreach strategies, communications, and public involvement efforts comply with Title VI. To this end, the MPO completed an update of the MPO’s Public Participation Plan (PPP), Title VI Policy, Limited English Proficiency (LEP) Plan, and Language Assistance Plan (LAP).

The CMCOG-COATS MPO provides information regarding its obligations, policies, and plans to the public using a variety of communication methods, which frequently overlap and duplicate each other.

- The Title VI Policy document is available on the MPO’s website. They may be downloaded or requested in paper copy from the MPO staff.
- The MPO’s Title VI Complaint Form and Process is available on the MPO’s website and are available upon request at the CMCOG-COATS MPO office. The Complaint Form and process are provided in English and Spanish.
- Block Ads and Posters notifying the public of protections of their rights under Title VI, including instructions of how to file a Title VI Complaint. Notices are provided in English and Spanish.
- The LEP Plan and Language Assistance Plan documents, which outline services that the MPO provides for LEP persons, are available on the MPO’s website and are available upon request at the CMCOG-COATS MPO office.

The CMCOG-COATS MPO’s Public Participation Plan (PPP) is guided by a set of goals, of which the first two are as follows:

1. Extend the reach of the participation program.
2. Encourage diversity of participants.

The CMCOG-COATS MPO region is home to growing minority and ethnic populations, while significant diversity already exists along the lines of age, physical ability (disability), and means (poverty). The MPO recognizes the benefit of stimulating involvement by a range of persons with a variety of perspectives and interests in the transportation system.

To help identify the diversity in the CMCOG-COATS MPO planning area, this Title VI Plan also includes mapping and other locational analyses of environmental justice populations (minority and in-poverty persons) and other populations that are traditionally underserved by the transportation system (disabled, senior, and LEP persons). Accommodations for and targeted outreach to these persons are built into the PPP at multiple points. **Table 1** below outlines outreach strategies that are consistent with both the PPP and this Title VI Policy.

**Table 1. Listing of Title VI Outreach Strategies**

<b>Outreach Tool</b>	<b>Definition</b>
Direct Mailings	Mail sent to an affected group or area to educate, notify, or request input.
Display Ads in Newspaper	Paid advertisement in the newspaper to alert readers about an upcoming event or action.
Displays at Transit Centers	Permanent or temporary displays that are provided to the public transit provider to be posted at transit hubs and centers to reach a large number of system riders.
Legal Notice	Public posting or advertising in newspapers to announce a legal action or intent.
Social Media	Using social media sites such as Facebook to notify the public of upcoming events and public meetings
On-board Information	Pamphlets and posters that are provided to the public transit provider to alert riders to information.
Public Hearing	A meeting during which public testimony may be heard at the public’s request on any publicly advertised item.
Surveys (scientific and self-selected)	Surveying opinions and ideas to help CMCOG-COATS MPO understand how to better serve the constituency.
Workshops/ Open Houses/ Town Halls	Types of meetings where staff and public interact and discuss various issues.

**A. Voting and Non-Voting Membership of the CMCOG-COATS MPO Committee**

The CMCOG-COATS MPO has the authority to conduct transportation planning and programming activities in portions of a six-county region that includes: Newberry, Fairfield, Calhoun, Kershaw, Lexington, and Richland Counties. The CMCOG-COATS MPO’s governing body—the MPO Policy

Committee—consists of 53 voting members. A breakdown of the membership by jurisdiction is shown in Appendix A.

In addition to the voting members, the MPO Committee includes non-voting members. Such non-voting members receive MPO reports and agendas and may participate in MPO discussions. Non-voting members include, among others: Federal Highway Administration officials, Federal Transit Administration officials, CMCOG-COATS MPO staff, South Carolina Department of Transportation, other local, state and federal resource agencies, and private citizens with an interest in transportation and economic development throughout the region.

**B. Diversity in the Voting Membership of the MPO Committee**

The success of the MPO is ensured by active participation and input from its members. To that end, and in accordance with Title VI regulations and guidelines stipulating non-elected Board representatives endeavor to reflect community demographics within the MPO, including groups or communities traditionally not well-served by existing transportation systems, CMCOG-COATS MPO encourages the participation of underserved and potentially vulnerable residents on its Board.

**Notes:**

<sup>1</sup> “Native American” includes those recorded as “Native Hawaiian and Other Pacific Islander” and “American Indian and Alaska Native.”

### **C. Outreach to Environmental Justice (EJ) and other Traditionally Underserved Populations**

The CMCOG-COATS MPO will make a special effort to notify, engage, and consider the needs of minority and low-income persons, as well as other populations and communities that are “traditionally underserved” by the existing transportation systems. The CMCOG-COATS MPO’s efforts in this regard will be consistent with the Environmental Justice Executive Order (E.O. 12898) dated February 11, 1994, and other related guidance from the Federal Highway Administration and Federal Transit Administration.

As a first step, the CMCOG-COATS MPO will continue to identify communities, organizations, agencies, and advocacy groups that represent EJ and other traditionally underserved populations, adding them to the appropriate MPO listing of Interested Parties. The listing is dynamic, and new Interested Parties are added continually through request or by recommendation of planning partners and activities conducted by the MPO.

The CMCOG-COATS MPO’s outreach is further enhanced according to outreach requirements built into the public participation process for Long-Range Transportation Plan Amendments and Transportation Improvement Plan (TIP) Major Amendments. The public participation process includes “triggers” for a targeted outreach activity when the amendment includes a project that “disproportionately burdens a population or concentration of minority, in-poverty, disabled, and limited English proficient persons”.

### **D. MPO Meeting Notices**

The announcement of MPO Meeting dates and times is provided on the CMCOG-COATS MPO’s web site at [www.centralmidlands.org](http://www.centralmidlands.org). The announcements may be translated into languages other than English, using the embedded Google Translate tool. Meetings are also advertised on the CMCOG Facebook page and appear on the CMCOG-COATS MPO web site calendar of events listing.

### **E. MPO Meeting Accessibility**

Meetings of the MPO are open to the public, in compliance with the MPO’s Bylaws. Copies of materials considered by the MPO committee are made available to the public at the time of the meeting or subsequent to a committee meeting. Meeting minutes are maintained and made available for review in the CMCOG-COATS MPO office.

The CMCOG-COATS MPO is committed to compliance with the nondiscrimination requirements of applicable civil rights statutes, executive orders, regulations, and policies. The MPO meeting location is accessible to persons with disabilities. Other meetings scheduled by the CMCOG-COATS MPO will occur at facilities and locations which will encourage attendance by the general public, and that are accessible and accommodating to persons with disabilities, older persons and the sight and/or hearing-impaired.

Where possible, meeting places will be accessible by public transportation. Meeting locations shall be compliant with the Americans with Disabilities Act.

To better accommodate persons with limited English proficiency, meeting materials will be made available in document formats that allow automated translation (e.g., Google Translate). To better accommodate persons with visual disabilities, written materials can be formatted specifically for use by devices to assist the sight impaired. If accommodations are needed for those with other special needs related to language, sight, or hearing, please call (803) 744-5133 at least seven (7) days in advance.

When a targeted outreach activity or meeting is triggered by the presence of an LEP population, written materials will be made available in languages other than English that are relevant to those populations.

#### **F. Additional Outreach Methods**

The CMCOG-COATS MPO will give consideration to alternative methods of involving the public appropriate to the project. Such methods may include, but are not limited to newsletters, distributing information through public libraries and community groups (especially those serving EJ persons, LEP communities, the elderly and persons with disabilities), using open house format meetings, involving focus groups for specially selected topics, preparing press releases, and holding events at special locations like shopping malls.

## **IV. ANNUAL CERTIFICATIONS AND ASSURANCES**

---

In accordance with 49 CFR Section 21.7(a), every application for financial assistance from FTA must be accompanied by an assurance that the applicant will carry out the program in compliance with Title VI regulations. This requirement shall be fulfilled when the applicant/recipient submits its annual certifications and assurances. Primary recipients will collect Title VI assurances from sub-recipients prior to passing through FTA funds.

CMCOG-COATS MPO will remain in compliance with this requirement by annual submission of certifications and assurances as required by FTA.

### A. Purpose

The CMCOG-COATS MPO Title VI Complaint Procedures are written to specify the process employed by the MPO to investigate complaints, while ensuring due process for Complainants and Respondents. The process does not preclude CMCOG-COATS MPO from attempting to informally resolve complaints.

These procedures apply to all external complaints relating to any program or activity administered by the CMCOG-COATS MPO and/or its sub-recipients, consultants, and contractors, filed under Title VI of the Civil Rights Act of 1964 as amended, (including Disadvantaged Business Enterprise and Equal Employment Opportunity components), as well as other related laws that prohibit discrimination on the basis of race, color, or national origin. Additional statutes include, but are not limited to, Section 504 of the Rehabilitation Act of 1973, the Civil Rights Restoration Act of 1987, and the Americans with Disabilities Act of 1990.

These procedures are part of an administrative process that does not provide for remedies that include punitive damages or compensatory remuneration for the Complainant. Intimidation or retaliation of any kind is prohibited by law.

### B. How do I file a Title VI Complaint?

An individual, or his or her representative, who believes that he or she has been subject to discrimination or retaliation prohibited by Title VI and other nondiscrimination provisions, has the right to file a complaint. Complaints need to be filed within 180 calendar days of alleged occurrence, when the alleged discrimination became known to the Complainant, or when there has been a continuing course of conduct, the date on which the conduct was discontinued or latest instance of the conduct. Complaints shall be in writing and signed by the Complainant(s). If complaints are received by telephone or in person, the Title VI Compliance Officer or other authorized representative shall formally interview the person to provide the basis for the written complaint. If necessary, the authorized person will assist the Complainant in writing the complaint. The written complaint must include the following information:

- Name, address, and telephone number of Complainant.
- Basis of the complaint (e.g., Race, Color, or National Origin).
- A detailed description of the circumstances of the incident that lead the Complainant to believe discrimination occurred.
- Names, addresses and phone numbers of people who may have knowledge of the alleged incident or are perceived as parties in the complained-of-incident.

- Date or dates on which the alleged discrimination occurred.
- Other agencies where the complaint was filed.
- As an investigation moves forward, additional information may be required.

The Title VI Complaint Form may be used to submit the complaint information. The complaint may be filed in writing with CMCOG-COATS MPO at the following address:

Mr. Reginald Simmons  
Title VI Compliance Officer  
CMCOG-COATS MPO  
236 Stoneridge Drive  
Columbia, SC 29210  
(803) 744-5133  
[rsimmons@centralmidlands.org](mailto:rsimmons@centralmidlands.org)

The CMCOG-COATS MPO encourages all Complainants to certify all mail that is sent through the U.S. Postal Service and/or ensure that all written correspondence can be tracked easily.

For complaints originally submitted by facsimile, an original, signed copy of the complaint must be mailed to the Title VI Compliance Officer as soon as possible, but no later than 180 calendar days from the alleged date of discrimination.

### **C. What happens to the complaint after it is submitted?**

All complaints alleging discrimination based on race, color, or national origin in a service or benefit provided by CMCOG-COATS MPO, will be directly addressed by the CMCOG-COATS MPO. The CMCOG-COATS MPO shall also provide appropriate assistance to Complainants, including those persons with disabilities, or who are limited in their ability to communicate in English. Additionally, CMCOG-COATS MPO shall make every effort to address all complaints in an expeditious and thorough manner.

When CMCOG-COATS MPO receives a complaint, the CMCOG-COATS MPO will acknowledge receipt of the complaint within seven (7) calendar days by notifying the Complainant and immediately transmitting the complaint to the proper state or federal agency (e.g., Federal Highway Administration, Federal Transit Administration, and the South Carolina Department of Transportation) for investigation and disposition pursuant to that agency's Title VI complaint procedures. This can be done by scanning to e-mail or via postal mail. The Department of Justice has final word on what agency will investigate the claim. Please note that in responding to any requests for additional information, a Complainant's failure to provide the requested information may result in the administrative closure of the complaint.

The CMCOG-COATS MPO Title VI Compliance Officer will maintain a log of all complaints received by the CMCOG-COATS MPO. The Title VI complaint log is available at the offices of CMCOG-COATS MPO, located at 236 Stoneridge Drive, Columbia, SC 29210. The log, or supporting versions of the log, will be made available at designated functions pertaining to the public, such as public meetings, public forums, MPO Board meetings and MPO-sponsored events that involve the public.

In addition, the Title VI compliance officer will regularly review comments and complaints received from members of the public to determine if such comments or complaints warrant a Title VI review and response. Any comments or complaints that are determined to be Title VI related will be entered in the complaint log by CMCOG-COATS MPO staff. Responses to the Title VI comment or complaint will follow established procedures identified in the Title VI policy document.

**D. How will the Complainant be notified of the outcome of the complaint?**

CMCOG-COATS MPO will send a final written response letter to the Complainant within 15 calendar days of the outcome. In the letter notifying Complainant that the complaint is not substantiated, the Complainant is also advised of his or her right to:

- A. Appeal within seven (7) calendar days of receipt of the final written decision from CMCOG-COATS MPO; and/or
- B. File a complaint externally with the U.S. Department of Transportation and/or the FTA. Every effort will be made to respond to Title VI complaints within 60 calendar days of receipt of such complaints, if not sooner.

Once sufficient information for investigating the complaint is received by CMCOG-COATS MPO, a written response will be drafted subject to review by CMCOG-COATS MPO's counsel. If appropriate, a CMCOG-COATS MPO attorney may administratively close the complaint. In this case, CMCOG-COATS MPO will notify the Complainant of the action as soon as possible.

To request additional information on CMCOG-COATS MPO's non-discrimination obligations or to file a Title VI complaint, please submit your request in writing to:

## **VI. RECORD RETENTION AND REPORTING POLICY**

---

FTA requires that all direct and primary recipients document their compliance by submitting a Title VI Plan to their FTA regional civil rights officer once every three (3) years. The CMCOG-COATS MPO will submit updated Title VI Plans to SCDOT for concurrence any time a major change in the Plan occurs.

Compliance records and all Title VI related documents will be retained for a minimum of three (3) years and reported to the primary recipient annually.

## **VII. SUB-RECIPIENT ASSISTANCE AND MONITORING**

---

CMCOG-COATS MPO has 5 sub-recipients listed below. CMCOG-COATS MPO is required by FTA to ensure that sub-recipients of federal funds comply with all Title VI requirements. To meet this mandate, the CMCOG-COATS MPO monitoring consists of collecting data through site visits, day-to-day technical assistance, and reports/forms. Your Community Transit uses reports and site visits to

determine if the sub-recipients are complying with the Title VI requirements as outlined in FTA Circular 4702.1B and their Title VI Plan.

Title VI Complaint procedures, Title VI Complaint Form, and a sample Title VI Notice have been developed and distributed by CMCOG-COATS MPO to its sub-recipients. CMCOG-COATS MPO also assists the sub-recipients with demographic maps for Title VI purposes upon request.

## **VII. TITLE VI INVESTIGATIONS, COMPLAINTS, AND LAWSUITS**

---

In accordance with 49 CFR 21.9(b), CMCOG-COATS MPO must record and report any investigations, complaints, or lawsuits involving allegations of discrimination. The records of these events shall include the date the investigation, lawsuit, or complaint was filed; a summary of the allegations; the status of the investigation, lawsuit, or complaint; and actions taken by CMCOG-COATS MPO in response; and final findings related to the investigation, lawsuit, or complaint. The records for the previous three (3) years shall be included in the Title VI Plan when it is submitted to FTA

CMCOG-COATS MPO has had no investigations, complaints, or lawsuits involving allegations of discrimination on the basis of race, color, or national origin over the past three (3) years.

## **VIII. LANGUAGE ASSISTANCE PLAN**

---

### **A. Background**

The purpose of this limited English proficiency policy guidance is to clarify the responsibilities of recipients of federal financial assistance from the U.S. Department of Transportation (DOT) and assist them in fulfilling their responsibilities to Limited English Proficient (LEP) persons, pursuant to Title VI of the Civil Rights Act of 1964 and implementing regulations. It was prepared in accordance with **Title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000d, et seq.**, and its implementing regulations provide that no person shall be subjected to discrimination on the basis of race, color, or national origin under any program or activity that receives federal financial assistance.

## **B. Executive Order 13166**

Executive Order 13166 "Improving Access to Services for Persons With Limited English Proficiency," reprinted at 65 FR 50121 (August 16, 2000), directs each Federal agency that is subject to the requirements of Title VI to publish guidance for its respective recipients clarifying that obligation. Executive Order 13166 further directs that all such guidance documents be consistent with the compliance standards and framework detailed in the Department of Justice's (DOJ's) Policy Guidance entitled "Enforcement of Title VI of the Civil Rights Act of 1964--National Origin Discrimination Against Persons With Limited English Proficiency." (See 65 FR 50123, August 16, 2000 DOJ's General LEP Guidance). Different treatment based upon a person's inability to speak, read, write, or understand English may be a type of national origin discrimination.

Executive Order 13166 applies to all federal agencies and all programs and operations of entities that receive funding from the federal government, including state agencies, local agencies and governments such as the Metropolitan Planning Organization (MPO), private and non-profit entities, and sub-recipients.

## **C. Plan Summary**

The Columbia Area Transportation Study (COATS) Metropolitan Planning Organization (MPO) has developed this Limited English Proficiency Plan (LEP) to help identify reasonable steps to provide language assistance for LEP persons seeking meaningful access to MPO programs as required by Executive Order 13166. A Limited English Proficiency person is one who does not speak English as their primary language and who has a limited ability to read, speak, write, or understand English.

This plan details procedures on how to identify a person who may need language assistance, the ways in which assistance may be provided, training staff, how to notify LEP persons that assistance is available, and information for future plan updates. In developing the plan while determining the MPO's extent of obligation to provide LEP services, the MPO undertook a U.S. Department of Transportation four factor LEP analysis.

## **D. Four Factor Analysis**

The Four Factor Analysis is one of the primary compliance processes established in the Department of Justice's LEP Guidance. The Analysis provides a framework for agencies to use in identifying the LEP populations in their service area and developing a cost-effective and meaningful plan for providing appropriate language assistance services. The Four Factors are as follows:

1. The number and proportion of LEP persons served or encountered in the eligible service population.

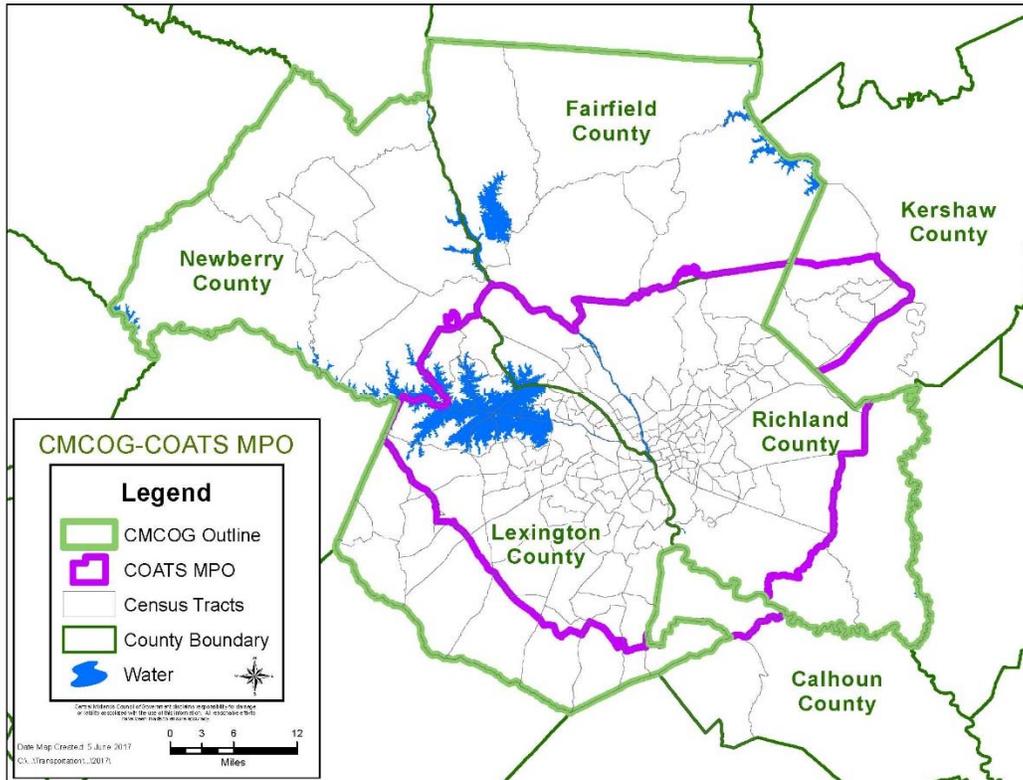

2. The frequency with which LEP individuals come into contact with the program, activity, or service provided.
3. The nature and importance of the program, activity, or service provided by the program to LEP persons.
4. The resources available to the recipient and costs associated with providing meaningful access to LEP persons.

A brief description of these considerations is provided in the following section.

**E. Factor 1 – Number & Proportion of LEP Persons Encountered**

Factor 1 evaluates the number of LEP persons served and the concentration of LEP persons in the service area population. In the case of the CMCOG-COATS MPO, the service area population is the total population within the region served by the MPO, including the following six (6) counties: Newberry, Fairfield, Lexington Richland, Calhoun, and Kershaw. (**Figure 1**).

Figure 1. CMCOG-COATS MPO Region

Language characteristics within the MPO region were identified using the U.S. Census Bureau’s 2014-2018 American Community Survey (ACS) data. The data for “Language Spoken at Home by Ability to Speak English for the Population 5 Years and Over” was compiled and mapped at the tract level. In the ACS individuals are characterized as speaking English “Very well” or “Less than very Well.” For this analysis, an individual who speaks English less than Very well is considered an LEP person.

It is noted that the ACS data for the CMCOG-COATS MPO region includes the institutionalized populations of several penitentiaries. The CMCOG-COATS MPO does not provide services to these institutionalized persons. However, not all the institutionalized populations could be identified specifically and screened from the analysis. Therefore, the data summaries and mapping provided in this document include the institutionalized populations.

**F. Total LEP Population in the CMCOG-COATS MPO Region**

**Table 1** summarizes the total population and LEP population of All Language Groups in the CMCOG-COATS MPO region, with comparison to the state of South Carolina as a whole. Of the Region’s total population, about 21,296 persons or 2.86% of the total population are considered to have limited English proficiency.

The LEP populations are generally higher in Lexington, Richland, and Newberry Counties (see Table 2). The LEP concentrations follow a similar pattern, with these same three counties as well. It should also be noted that all of the counties in the CMCOG-COATS MPO study area have a minimum concentration of approximately 0.5%

**G. Largest LEP Language Groups in the CMCOG-COATS MPO Region**

**Table 3** summarizes population data for the three (3) most populous LEP language groups in the CMCOG-COATS MPO Region. Comparisons to the statewide South Carolina data are provided for the same language groups. The Spanish, Indo-European, and Asian and Pacific Island language groups are by far the largest LEP populations. Beyond these “Top 3” populations, the Region is also home to LEP persons who speak a variety of other languages.

The CMCOG-COATS MPO region, when taken as a whole, is home to about 14% of South Carolina’s total Spanish LEP population. Nearly all the LEP population resides in Lexington and Richland Counties. The next largest populations exist in Newberry County. Concentrations are highest in Newberry County (3.33%), Lexington County (2.25%), Kershaw County (1.35%), followed by Richland County (1.30%). All other counties have concentrations less than 1.0%.

### I. Safe Harbor Provision

The Safe Harbor Provision, as defined in the Department of Justice’s LEP Guidance, is the most prevalent guideline used to establish when language assistance services are considered appropriate and define expectations for what those services would entail.

#### Safe Harbor Triggers

*The Safe Harbor Provision is triggered for each LEP language group that constitutes five percent (5%) of the total population or 1,000 persons, whichever is less, of the total population of persons eligible to be served or likely to be affected or encountered (FTA C 4702.1B, Chapter III-9).*

Considering the CMCOG-COATS MPO region as a whole (i.e., the “service area”), the total LEP populations for Spanish, Indo-European, and Asian and Pacific Island language groups exceed the 1,000 person threshold, even though the regional concentrations of all three populations fall well below the 5% threshold (see **Table 3**). However, when the total LEP populations are viewed in light of eligibility or the likelihood of being affected or encountered, there is every indication that the modified Indo-European and Asian and Pacific Island LEP population would not trigger the Safe Harbor Provision. As a whole, the Indo-European and Asian and Pacific Island populations deliberately avoid encounters with those outside their culture—particularly governmental agencies—preferring to allow their church or community leaders to

represent them and speak on their behalf. These leaders are typically fluent in both English and their native language.

***Therefore, it is the conclusion of this analysis that the Safe Harbor Provision is triggered<sup>1</sup> in the CMCOG-COATS MPO region for the Spanish language group alone. The guidelines and requirements of the Safe Harbor Provision will not be applied to the any other language group. However, this LEP Plan will maintain documentation of the other LEP populations as a baseline for future analyses.***

#### Safe Harbor Translation Expectations

*The Provision states that providing written translation of “vital documents” for each LEP population that exceeds the Safe Harbor thresholds “shall be considered strong evidence of compliance with the recipient’s [CMCOG-COATS MPO] written translation obligations” (FTA C 4702.1B, Chapter III-9).*

Based on the standard of practice, “vital documents” typically include those that explain how to access an organization’s services (including language assistance services), letters that require a response from a customer, complaint forms, and notification of rights. For the purposes of this LEP Plan, CMCOG-COATS MPO has designated the following as “vital documents” for translation:

- Notice of Language Services;
- Title VI Notice to Beneficiaries;
- Title VI Complaint Form; and
- Title VI Complaint Form Procedures.

Also considered as “vital documents” translations of the MPO’s primary plans and documents (e.g., Long Range Transportation Plan, Public Participation Plan, and Transportation Improvement Program) will be translated into Spanish. MPO planning studies and reports will be translated on an as-requested basis. Finally, when a Targeted Outreach Activity is triggered by the presence of an LEP population, written materials will be made available in the LEP language according to the Safe Harbor Provision.

#### **J. Factor 2 – Frequency of Contact with LEP Persons**

To date, the CMCOG-COATS MPO has received no direct requests for translation or interpretation services for any language, and the frequency with which LEP persons come in contact with the MPO’s planning program is largely unknown.

---

<sup>1</sup> This evaluation concludes that the Safe Harbor Provision is triggered for the Spanish language group, even though the analysis has not attempted to discern the total LEP population from those “eligible to be served or likely to be affected or encountered.”

LEP communities commonly look to a church leader to buffer inquiries, and these leaders are typically fluent in speaking the English language which may limit direct engagement and requests for translation services.

Still, increasing contact with LEP individuals has been noted as a need for more frequency and engagement. In review of one of the ways to enhance our contact with LEP communities is through our association with the networking group Alianza Latina. This working group is a Spanish speaking group of citizens and community leader that plan and program activities with LEP communities and can serve as an outreach tool that will enhance our frequency of contact with LEP persons.

By associating with group such as Alianza Latina, CMCOG-COATS MPO will be able to accurately identify and engage LEP persons early in project planning, programming, and development process of transportation projects and plans. With this LEP Plan, the CMCOG-COATS MPO is formally appropriating tools and training its staff for recognizing LEP persons, identifying their language, and serving LEP persons, when the need arises. The MPO has developed an Employee Training Manual to facilitate staff training and create a central source of information related to LEP. The manual includes information about Title VI and LEP requirements; LEP in the CMCOG-COATS area; resources for phone, in-person, and written translation; and LEP program evaluation techniques.

#### **K. Factor 3 – Nature & Importance of the Program**

The CMCOG-COATS MPO is, primarily, a planning organization for transportation investments in the region. As such, the MPO does not provide direct assistance to individuals and, as such, is not a vital service that impacts the day-to-day life of residents in the region. However, the MPO's activities are important in the ongoing development of a safe and efficient transportation system that provides a desirable quality of life and economic opportunity in the region.

In particular, roadway safety planning is one of the most important CMCOG-COATS MPO functions. The CMCOG-COATS MPO recognizes the importance of involving LEP speaking communities when plans address locations and routes frequented by members of their community.

The CMCOG-COATS MPO staff has noted the "lessons learned" about the awareness of LEP populations near a project and the need for conducting thoughtful outreach. LEP persons commonly rely on public and non-motorized modes, as well as roadside and off-road pedestrian and bike facilities for day-to-day transportation. So, while the planning activities of the MPO may not have urgent or direct impacts, they are nonetheless important to the long-term livelihood of all those who reside in the region.

Therefore, the planning activities of the MPO provide opportunity for public participation, and the MPO is appropriating tools and training that will serve LEP persons that wish to participate.

#### **L. Factor 4 – Resources & Costs of Language Assistance Services**

The CMCOG-COATS MPO is a small agency with small capital resources available to spend on LEP services. The organization does have two (2) MPO staff available to facilitate interaction with LEP persons and will use low-cost or free services and automated techniques to provide translation and interpretation, upon request. The phone-based, on-demand interpretation service is one such service.

The MPO pools resources with other elements of the larger CMCOG-COATS organization to develop and maintain the administrative/reception staff and other technical staff (GIS, IT, etc.) While one member of the current staff is bilingual, many can recognize the Spanish language, and they have been trained on the protocols for dealing with requests for translation and interpretation and the relevant Title VI and LEP obligations of the organization. The pooled resources of CMCOG-COATS also maintain the agency's webpage, office facility, and the associated office equipment and services.

#### **M. Language Assistance Plan**

Consistent with Title VI of the Civil Rights Act, Executive Order 13166, "Improving Access to Services for Persons with Limited English Proficiency", and the USDOT implementing guidance, the CMCOG-COATS MPO is responsible to take steps that ensure meaningful access to the services, information, and other important portions of their programs and activities for individuals who are Limited-English Proficient (LEP). This includes the development of a Language Assistance Plan (LAP), which establishes an implementation program for providing meaningful access to LEP persons, based on the results of the Four Factor Analysis. The Four Factor Analysis evaluated the demography of the MPO region along with the frequency of contact with LEP persons, the importance the MPO's services to LEP persons, and resources available for accommodating LEP persons.

The overarching goal of this plan is to deploy tools and services that will enable the MPO staff to communicate with a person who does not speak English. According to the Safe Harbor Provision, this plan addresses accommodations for LEP persons who read Spanish. Immediate assistance for Spanish interpretation and other languages may be provided if an available service can accommodate the language requested (e.g., telephone-based phone interpretation service, local interpreters, etc.).

### **IX. MPO STAFF TRAINING**

## General Assurances

In accordance with the Acts, the Regulations, and other pertinent directives, circulars, policy, memoranda, and/or guidance, the Recipient hereby gives assurance that it will promptly take any measures necessary to ensure that:

*“No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity,” for which the Recipient receives Federal financial assistance from DOT, including the Federal Highway Administration (FHWA), or the Federal Transit Administration (FTA)*

The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI and other Nondiscrimination requirements (The Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973), by restoring the broad, institutional-wide scope and coverage of these nondiscrimination statutes and requirements to include all programs and activities of the Recipient, so long as any portion of the program is Federally assisted.

## Specific Assurances

More specifically, and without limiting the above general Assurance, the Recipient agrees with and gives the following Assurances with respect to the Federal Highway Administration (FHWA), or the Federal Transit Administration (FTA):

1. The Recipient agrees that each “activity,” “facility,” or “program,” as defined in §§ 21.23 (b) and 21.23 (e) of 49 C.F.R. § 21 will be (with regard to an “activity”) facilitated, or will be (with regard to a “facility”) operated, or will be (with regard to a “program”) conducted in compliance with all requirements imposed by, or pursuant to the Acts and the Regulations.
2. The Recipient will insert the following notification in all solicitations for bids, Requests For Proposals for work, or material subject to the Acts and the Regulations made in connection with the Federal Highway Administration (FHWA), or the Federal Transit Administration (FTA) and, in adapted form, in all proposals for negotiated agreements regardless of funding source:

*“The **(Title of Recipient)**, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§ 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively insure that any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award.”*

3. The Recipient will insert the clauses of Appendix A and E of this Assurance in every contract or agreement subject to the Acts and the Regulations.
4. The Recipient will insert the clauses of Appendix B of this Assurance, as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a Recipient.
5. That where the Recipient receives Federal financial assistance to construct a facility, or part of a facility, the Assurance will extend to the entire facility and facilities operated in connection therewith.
6. That where the Recipient receives Federal financial assistance in the form, or for the acquisition of real property or an interest in real property, the Assurance will extend to rights to space on, over, or under such property.
7. That the Recipient will include the clauses set forth in Appendix C and Appendix D of this Assurance, as a covenant running with the land, in any future deeds, leases, licenses, permits, or similar instruments entered into by the Recipient with other parties:
  - a. for the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and
  - b. for the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.
8. That this Assurance obligates the Recipient for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the Assurance obligates the Recipient, or any transferee for the longer of the following periods:
  - a. the period during which the property is used for a purpose for which the Federal financial assistance is extended, or for another purpose involving the provision of similar services or benefits; or
  - b. the period during which the Recipient retains ownership or possession of the property.
9. The Recipient will provide for such methods of administration for the program as are found by the Secretary of Transportation or the official to whom he/she delegates specific authority to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the Acts, the Regulations, and this Assurance.

10. The Recipient agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the Acts, the Regulations, and this Assurance.

By signing this ASSURANCE, *the Central Midlands Council of Governments* also agrees to comply (and require any sub-recipients, sub-grantees, contractors, successors, transferees, and/or assignees to comply) with all applicable provisions governing the Federal Highway Administration or the Federal Transit Administration access to records, accounts, documents, information, facilities, and staff. You also recognize that you must comply with any program or compliance reviews, and/or complaint investigations conducted by the Federal Highway Administration or the Federal Transit Administration. You must keep records, reports, and submit the material for review upon request to the Federal Highway Administration or the Federal Transit Administration, or its designee in a timely, complete, and accurate way. Additionally, you must comply with all other reporting, data collection, and evaluation requirements, as prescribed by law or detailed in program guidance.

Central Midlands Council of Governments gives this ASSURANCE in consideration of and for obtaining any Federal grants, loans, contracts, agreements, property, and/or discounts, or other Federal-aid and Federal financial assistance extended after the date hereof to the recipients by the U.S. Department of Transportation under the Federal Highway Administration (FHWA), or the Federal Transit Administration (FTA). This ASSURANCE is binding on Central Midlands Council of Governments, other recipients, sub-recipients, sub-grantees, contractors, subcontractors and their subcontractors', transferees, successors in interest, and any other participants in the Federal Highway Administration (FHWA), or the Federal Transit Administration (FTA). The person(s) signing below is authorized to sign this ASSURANCE on behalf of the Recipient.

## APPENDIX M. SOCIAL EQUITY ANALYSIS – COATS MPO

To determine the location and concentrations of low income and minority populations in the COATS MPO region, CMCOG used a methodology described by the Mid-Ohio Regional Planning Commission in a USDOT case study for environmental justice analysis.<sup>1</sup> The methodology involved a three step process that included (1) determining the regional percentages of low income and minority populations (2) using the regional percentages as thresholds for determining whether or not a particular Census Block Group is considered to be predominantly low income or minority (3) mapping these thresholds (individually and together) to provide a visual representation of the spatial distribution of low income and minority populations.

The criteria used to identify and map low income and minority populations included the following four 2014 - 2018 American Community Survey variables:

- Non-white population
- LEP population
- 65 and older
- Households below the Poverty Line

The totals and percentages of these variables for the COATS region and for the COATS portions of Richland, Lexington, Kershaw, Newberry, Fairfield, and Calhoun counties are summarized in the table

According to these regional totals, minority populations make up 43.4% of the total population of the COATS region with the largest share (approximately 76%) residing in Richland County. The LEP population represents 1.3% of the total population with the largest share (approximately 53%) residing in Richland County. In addition, the 65 and older population represents 13% of the total population with the largest share (approximately 52%) residing in Richland County. As well, the poverty population makes up 14% of the total population with the largest share (approximately 64%) residing in Richland County.

## **Background**

---

The purpose of this limited English proficiency policy guidance is to clarify the responsibilities of recipients of federal financial assistance from the U.S. Department of Transportation (DOT) and assist them in fulfilling their responsibilities to Limited English Proficient (LEP) persons, pursuant to Title VI of the Civil Rights Act of 1964 and implementing regulations. It was prepared in accordance with **Title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000d, et seq.**, and its implementing regulations provide that no person shall be subjected to discrimination on the basis of race, color, or national origin under any program or activity that receives federal financial assistance.

### **Executive Order 13166**

Executive Order 13166 "Improving Access to Services for Persons With Limited English Proficiency," reprinted at 65 FR 50121 (August 16, 2000), directs each Federal agency that is subject to the requirements of Title VI to publish guidance for its respective recipients clarifying that obligation. Executive Order 13166 further directs that all such guidance documents be consistent with the compliance standards and framework detailed in the Department of Justice's (DOJ's) Policy Guidance entitled "Enforcement of Title VI of the Civil Rights Act of 1964--National Origin Discrimination Against Persons With Limited English Proficiency." (See 65 FR 50123, August 16, 2000 DOJ's General LEP Guidance). Different treatment based upon a person's inability to speak, read, write, or understand English may be a type of national origin discrimination.

Executive Order 13166 applies to all federal agencies and all programs and operations of entities that receive funding from the federal government, including state agencies, local agencies and governments such as the Metropolitan Planning Organization (MPO), private and non-profit entities, and sub-recipients.

### **Plan Summary**

The Columbia Area Transportation Study (COATS) Metropolitan Planning Organization (MPO) has developed this Limited English Proficiency Plan (LEP) to help identify reasonable steps to provide language assistance for LEP persons seeking meaningful access to MPO programs as required by Executive Order 13166. A Limited English Proficiency person is one who does not speak English as their primary language and who has a limited ability to read, speak, write, or understand English.

This plan details procedures on how to identify a person who may need language assistance, the ways in which assistance may be provided, training staff, how to notify LEP persons that assistance is available, and information for future plan updates. In developing the plan while determining the MPO's extent of

obligation to provide LEP services, the MPO undertook a U.S. Department of Transportation four factor LEP analysis.

## Four Factor Analysis

---

The Four Factor Analysis is one of the primary compliance processes established in the Department of Justice's LEP Guidance. The Analysis provides a framework for agencies to use in identifying the LEP populations in their service area and developing a cost-effective and meaningful plan for providing appropriate language assistance services. The Four Factors are as follows:

1. The number and proportion of LEP persons served or encountered in the eligible service population.
2. The frequency with which LEP individuals come into contact with the program, activity, or service provided.
3. The nature and importance of the program, activity, or service provided by the program to LEP persons.
4. The resources available to the recipient and costs associated with providing meaningful access to LEP persons.

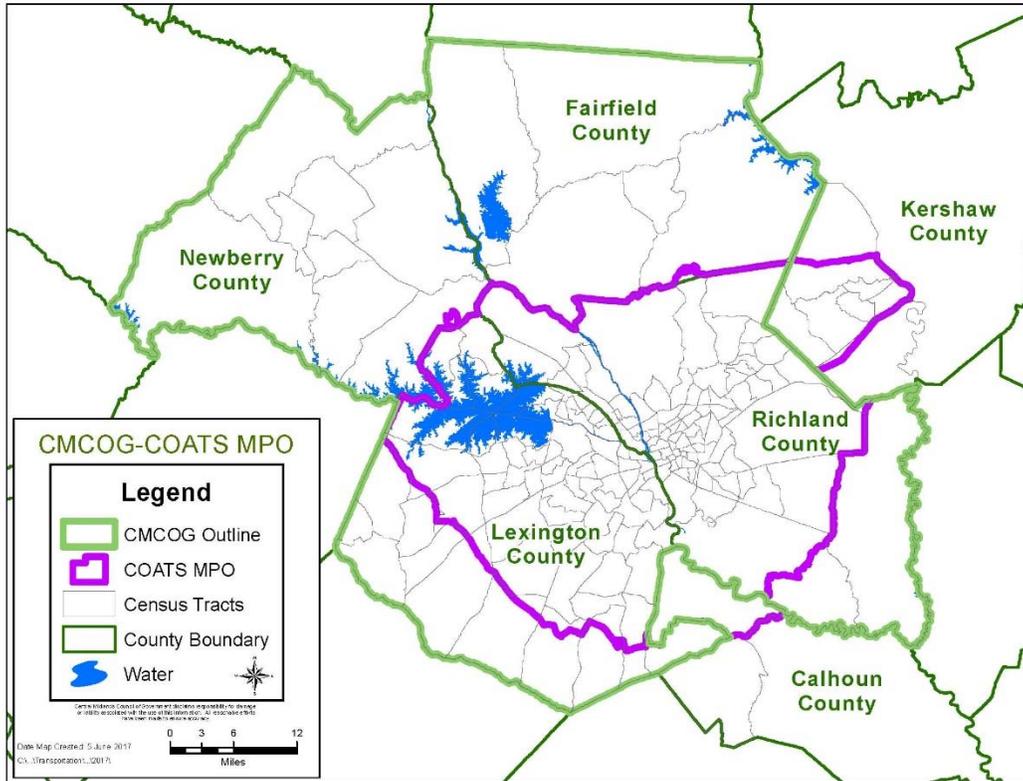

A brief description of these considerations is provided in the following section.

### Factor 1 – Number & Proportion of LEP Persons Encountered

---

Factor 1 evaluates the number of LEP persons served and the concentration of LEP persons in the service area population. In the case of the CMCOG-COATS MPO, the service area population is the total population within the region served by the MPO, including the following six (6) counties: Newberry, Fairfield, Lexington Richland, Calhoun, and Kershaw. (**Figure 1**).

**Figure 1. CMCOG-COATS MPO Region**

Language characteristics within the MPO region were identified using the U.S. Census Bureau’s 2014-2018 American Community Survey (ACS) data. The data for “Language Spoken at Home by Ability to Speak English for the Population 5 Years and Over” was compiled and mapped at the tract level. In the ACS individuals are characterized as speaking English “Very well” or “Less than very Well.” For this analysis, an individual who speaks English less than Very well is considered an LEP person.

It is noted that the ACS data for the CMCOG-COATS MPO region includes the institutionalized populations of several penitentiaries. The CMCOG-COATS MPO does not provide services to these institutionalized persons. However, not all of the institutionalized populations could be identified specifically and screened from the analysis. Therefore, the data summaries and mapping provided in this document include the institutionalized populations.

***Total LEP Population in the CMCOG-COATS MPO Region***

**Table 1** summarizes the total population and LEP population of All Language Groups in the CMCOG-COATS MPO region, with comparison to the state of South Carolina as a whole. Of the Region’s total population, about 21,296 persons or 2.86% of the total population are considered to have limited English proficiency.

**Figure 2** illustrates the population of LEP persons in each Census tract. **Figure 3** illustrates the concentration (percentage of the total population) of LEP persons. The LEP populations are generally higher in Lexington, Richland, and Newberry Counties (see **Table 2**). The LEP concentrations follow a similar pattern, with these same three counties as well. It should also be noted that all of the counties in the CMCOG-COATS MPO study area have a minimum concentration of approximately 0.5%

***Largest LEP Language Groups in the CMCOG-COATS MPO Region***

**Table 3** summarizes population data for the three (3) most populous LEP language groups in the CMCOG-COATS MPO Region. Comparisons to the statewide South Carolina data are provided for the same language groups. The Spanish, Indo-European, and Asian and Pacific Island language groups are by far the largest LEP populations. Beyond these “Top 3” populations, the Region is also home to LEP persons who speak a variety of other languages.

***Geographic Distribution of LEP Populations***

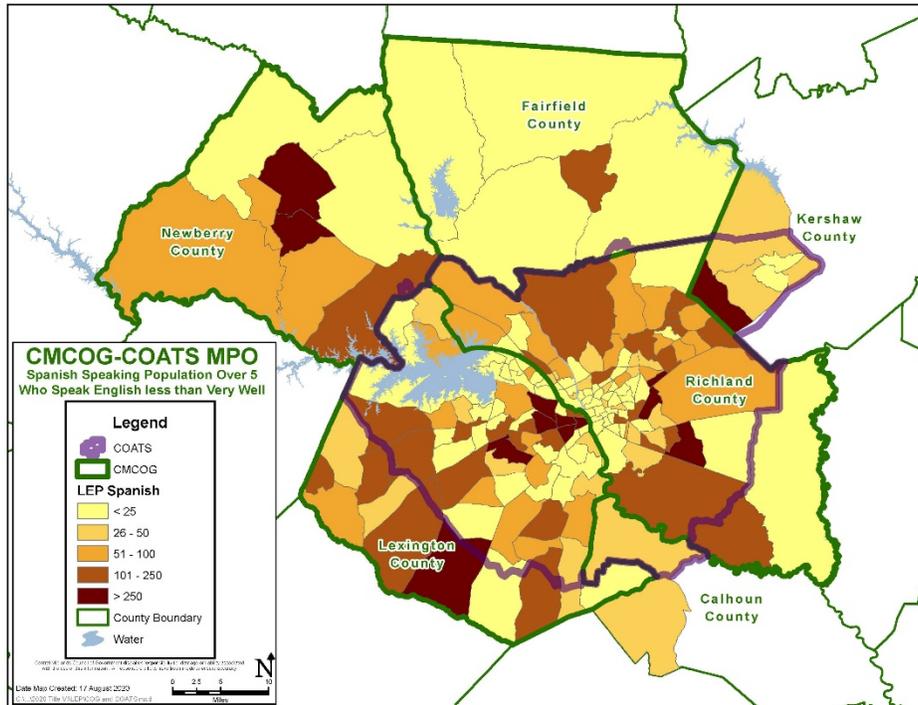

Distributive mapping of the American Community Survey (ACS) data was prepared at the tract-level to develop a better understanding of the LEP populations in the CMCOG-COATS MPO region potentially qualifying for “Safe Harbor” treatment—namely the Spanish, Indo-European, and Asian and Pacific Island LEP populations.

Spanish Language Group

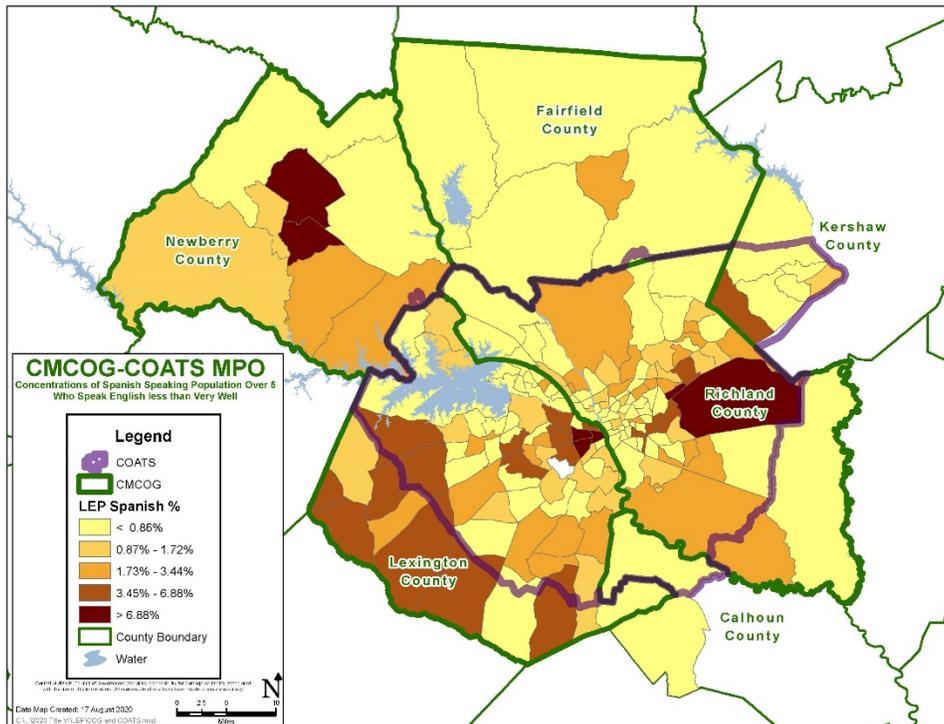

**Figures 4 and 5** illustrate the distribution of Spanish LEP persons according to population and concentration, respectively. At the tract level, the higher populations and concentrations are shown here in descending order in the following counties:

- Newberry
- Lexington
- Kershaw
- Richland
- Calhoun
- Fairfield

**Figure 4. Spanish LEP Population by Census Tract**

**Figure 5. Spanish LEP Concentration by Census Tract**

**Table 4** summarizes the Spanish LEP populations by County & MPO Census Tract. The CMCOG-COATS MPO region, when taken as a whole, is home to about 14% of South Carolina’s total Spanish LEP population. Nearly all the LEP population resides in Lexington and Richland Counties. The next largest populations exist in Newberry County. Concentrations are highest in Newberry County (3.33%), Lexington County (2.25%), Kershaw County (1.35%), followed by Richland County (1.30%). All other counties have concentrations less than 1.0%.

Indo-European Language Group

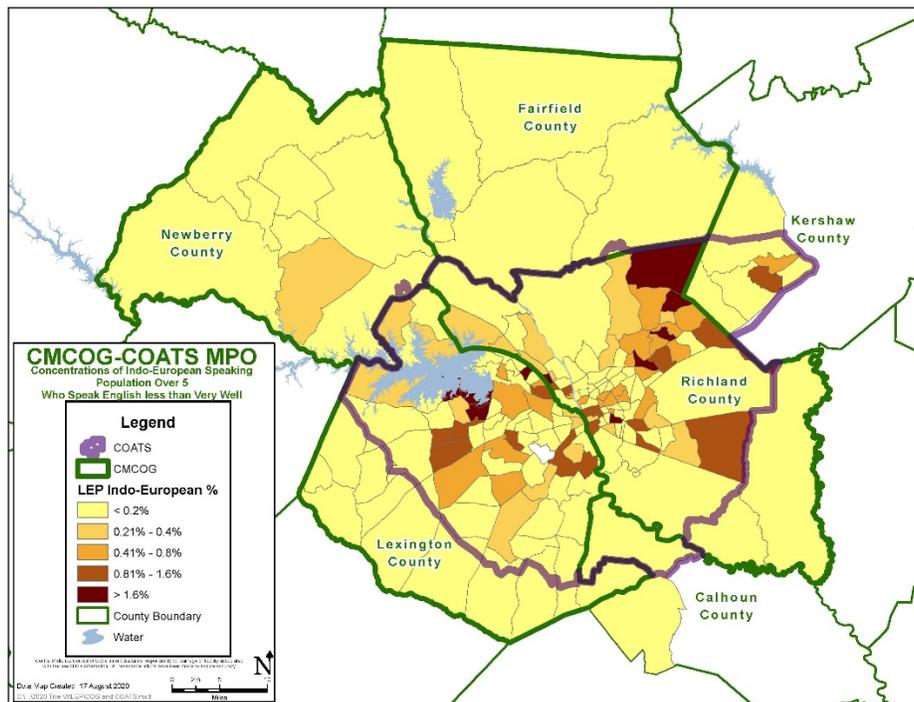

**Figures 6 and 7** illustrate the distribution of Indo-European LEP persons according to population and concentration, respectively. At the tract level, the populations of Indo-European LEP persons are generally distributed throughout the MPO region, with higher populations in the following counties:

- Lexington County
- Richland County

**Figure 7. Indo-European LEP Concentration by Census Tract**

**Table 5** summarizes the Indo-European LEP populations by County & MPO Census Tracts. The CMCOG-COATS MPO region, when taken as a whole, is home to about 20% of South Carolina’s total Indo-European LEP population. All the LEP population resides in Lexington and Richland Counties. All other counties have concentrations of less than 0.20%.

The next largest populations exist in Lexington County. Concentrations are also located in Kershaw County (0.36%) and Newberry County at (0.07%). All other counties have concentrations of 0.00%.

## Safe Harbor Provision

The Safe Harbor Provision, as defined in the Department of Justice’s LEP Guidance, is the most prevalent guideline used to establish when language assistance services are considered appropriate and define expectations for what those services would entail.

### Safe Harbor Triggers

*The Safe Harbor Provision is triggered for each LEP language group that constitutes five percent (5%) of the total population or 1,000 persons, whichever is less, of the total population of persons eligible to be served or likely to be affected or encountered (FTA C 4702.1B, Chapter III-9).*

Considering the CMCOG-COATS MPO region as a whole (i.e., the “service area”), the total LEP populations for Spanish, Indo-European, and Asian and Pacific Island language groups exceed the 1,000 person threshold, even though the regional concentrations of all three populations fall well below the 5% threshold (see **Table 3**). However, when the total LEP populations are viewed in light of eligibility or the likelihood of being affected or encountered, there is every indication that the modified Indo-European and Asian and Pacific Island LEP population would not trigger the Safe Harbor Provision. As a whole, the Indo-European and Asian and Pacific Island populations deliberately avoid encounters with those outside their culture—particularly governmental agencies—preferring to allow their church or community

leaders to represent them and speak on their behalf. These leaders are typically fluent in both English and their native language.

***Therefore, it is the conclusion of this analysis that the Safe Harbor Provision is triggered<sup>1</sup> in the CMCOG-COATS MPO region for the Spanish language group alone.*** The guidelines and requirements of the Safe Harbor Provision will not be applied to the any other language group. However, this LEP Plan will maintain documentation of the other LEP populations as a baseline for future analyses.

#### Safe Harbor Translation Expectations

The Provision states that providing written translation of “vital documents” for each LEP population that exceeds the Safe Harbor thresholds “shall be considered strong evidence of compliance with the recipient’s [CMCOG-COATS MPO] written translation obligations” (FTA C 4702.1B, Chapter III-9).

Based on the standard of practice, “vital documents” typically include those that explain how to access an organization’s services (including language assistance services), letters that require a response from a customer, complaint forms, and notification of rights. For the purposes of this LEP Plan, CMCOG-COATS MPO has designated the following as “vital documents” for translation:

- Notice of Language Services (**Appendix B**);
- Title VI Notice to Beneficiaries (**Appendix C**);
- Title VI Complaint Form (**Appendix D**); and
- Title VI Complaint Form Procedures (**Appendix E**).

Also considered as “vital documents” translations of the MPO’s primary plans and documents (e.g., Long Range Transportation Plan, Public Participation Plan, and Transportation Improvement Program) will be translated into Spanish. MPO planning studies and reports will be translated on an as-requested basis. Finally, when a Targeted Outreach Activity is triggered by the presence of an LEP population, written materials will be made available in the LEP language according to the Safe Harbor Provision.

## **Factor 2 – Frequency of Contact with LEP Persons**

---

To date, the CMCOG-COATS MPO has received no direct requests for translation or interpretation services for any language, and the frequency with which LEP persons come in contact with the MPO’s planning program is largely unknown.

---

<sup>1</sup> This evaluation concludes that the Safe Harbor Provision is triggered for the Spanish language group, even though the analysis has not attempted to discern the total LEP population from those “eligible to be served or likely to be affected or encountered.”

LEP communities commonly look to a church leader to buffer inquiries, and these leaders are typically fluent in speaking the English language which may limit direct engagement and requests for translation services.

Still, increasing contact with LEP individuals has been noted as a need for more frequency and engagement. In review of one of the ways to enhance our contact with LEP communities is through our association with the networking group Alianza Latina. This working group is a Spanish speaking group of citizens and community leader that plan and program activities with LEP communities and can serve as an outreach tool that will enhance our frequency of contact with LEP persons.

By associating with group such as Alianza Latina, CMCOG-COATS MPO will be able to accurately identify and engage LEP persons early in project planning, programming, and development process of transportation projects and plans. With this LEP Plan, the CMCOG-COATS MPO is formally appropriating tools and training its staff for recognizing LEP persons, identifying their language, and serving LEP persons, when the need arises. The MPO has developed an Employee Training Manual to facilitate staff training and create a central source of information related to LEP. The manual includes information about Title VI and LEP requirements; LEP in the CMCOG-COATS area; resources for phone, in-person, and written translation; and LEP program evaluation techniques.

### **Factor 3 – Nature & Importance of the Program**

---

The CMCOG-COATS MPO is, primarily, a planning organization for transportation investments in the region. As such, the MPO does not provide direct assistance to individuals and, as such, is not a vital service that impacts the day-to-day life of residents in the region. However, the MPO's activities are important in the ongoing development of a safe and efficient transportation system that provides a desirable quality of life and economic opportunity in the region.

In particular, roadway safety planning is one of the most important CMCOG-COATS MPO functions. The CMCOG-COATS MPO recognizes the importance of involving LEP speaking communities when plans address locations and routes frequented by members of their community.

The CMCOG-COATS MPO staff has noted the “lessons learned” about the awareness of LEP populations near a project and the need for conducting thoughtful outreach. LEP persons commonly rely on public and non-motorized modes, as well as roadside and off-road pedestrian and bike facilities for day-to-day transportation. So, while the planning activities of the MPO may not have urgent or direct impacts, they are nonetheless important to the long-term livelihood of all those who reside in the region.

Therefore, the planning activities of the MPO provide opportunity for public participation, and the MPO is appropriating tools and training that will serve LEP persons that wish to participate.

## **Factor 4 – Resources & Costs of Language Assistance Services**

---

The CMCOG-COATS MPO is a small agency with small capital resources available to spend on LEP services. The organization does have two (2) MPO staff available to facilitate interaction with LEP persons and will use low-cost or free services and automated techniques to provide translation and interpretation, upon request. The phone-based, on-demand interpretation service is one such service.

The MPO pools resources with other elements of the larger CMCOG-COATS organization to develop and maintain the administrative/reception staff and other technical staff (GIS, IT, etc.) While one member of the current staff is bilingual, many can recognize the Spanish language, and they have been trained on the protocols for dealing with requests for translation and interpretation and the relevant Title VI and LEP obligations of the organization. The pooled resources of CMCOG-COATS also maintain the agency's webpage, office facility, and the associated office equipment and services.

## **Language Assistance Plan**

---

Consistent with Title VI of the Civil Rights Act, Executive Order 13166, "Improving Access to Services for Persons with Limited English Proficiency", and the USDOT implementing guidance, the CMCOG-COATS MPO is responsible to take steps that ensure meaningful access to the services, information, and other important portions of their programs and activities for individuals who are Limited-English Proficient (LEP). This includes the development of a Language Assistance Plan (LAP), which establishes an implementation program for providing meaningful access to LEP persons, based on the results of the Four Factor Analysis. The Four Factor Analysis evaluated the demography of the MPO region along with the frequency of contact with LEP persons, the importance the MPO's services to LEP persons, and resources available for accommodating LEP persons.

The overarching goal of this plan is to deploy tools and services that will enable the MPO staff to communicate with a person who does not speak English. According to the Safe Harbor Provision, this plan addresses accommodations for LEP persons who read Spanish. Immediate assistance for Spanish interpretation and other languages may be provided if an available service can accommodate the language requested (e.g., telephone-based phone interpretation service, local interpreters, etc.).

## Structure of the LAP

---

This Language Assistance Plan is organized around the five potential Contact Points where the MPO would interact with LEP persons during its official planning activities:

Primary Contact Points:

- Public Meetings
- Office Walk-In
- Telephone Calls
- Webpage
- Written Correspondence

While each Contact Point presents certain unique language service challenges, a small set of language assistance tools is necessary to provide effective language support.

## Language Assistance Tools

---

### *Notices and Advertisements*

The CMCOG-COATS MPO utilizes various methods and conduits for providing notice and advertisement of the language assistance services. These services are as follows:

- Posting translated notices in local newspapers as part of legal ads and press releases.
- Posting notices on the CMCOG-COATS website, which may be translated using Google Translate or another automated translation service.
- Posting translated notices in the CMCOG-COATS offices.
- Distributing written and email notices to Interested Parties, in their requested language.

The MPO may also use the following for certain outreach efforts and plans:

- Designing and distributing informational materials detailing CMCOG-COATS planning efforts, including flyers, posters, brochures, and bus advertisements
- Radio or Public Service Announcements in Spanish
- Providing real-time translation services at Public Meetings or events
- Presenting information at community organizations frequented by LEP individuals.

The occasions for using these methods and conduits are described in subsequent sections, where they are put into the context of the various Contact Points.

### ***Language Identification Card***

The Language Identification Card is a tool that states, in several languages, “If you need an interpreter, please point to your language.” The LEP person points to their language on the card to indicate their language. Each language is also identified in English at the right side of the page, so that an English-speaking person can accurately request interpretation services and engage an interpreter quickly. A sample Language Identification Card is provided in **Appendix F**. This appendix also includes a Language Identification Survey from the U.S. Census Bureau, for use where the written survey version may be more efficient. The card and survey will be a part of the materials maintained in the reception area or at the welcome/sign-in station of a public meeting.

### ***Telephone-Based Interpretation Service***

The CMCOG-COATS MPO intends to maintain a contract with a telephone-based (a.k.a, “on-demand”) interpretation service. With the increasing potential for interaction with LEP persons, the CMCOG-COATS MPO is prepared to utilize this service. Training will be provided for the MPO staff persons who are anticipated to use it. According to the MPO’s minimal amount of interaction with LEP persons, this service should provide an adequate level of interpretation service for the MPO’s needs.

Instructions for accessing the telephone-based service along with “helpful hints” for working with an over-the-phone interpreter will be provided to CMCOG-COATS MPO staff. The MPO staff person who is interacting with an LEP person calls the phone number and the operator will either assist in identifying the LEP person’s language, or if the language is known, the interpreter will be connected, and the conversation can proceed in conference call or three-way call mode.

### ***Translation Services for Written Material***

In compliance with the Safe Harbor Provision, the CMCOG-COATS MPO will provide human translated versions of its vital documents. Translated summaries of CMCOG-COATS MPO’s primary but non-vital planning documents will be provided in Spanish upon request. This encompasses the Long Range Transportation, Plan, Public Participation Plan, Coordinated Human Services Transportation Plan, and Transportation Improvement Program. The translations of non-vital documents may be provided via human or automated translation. The telephone-based, on-demand interpretation service may also be engaged to facilitate follow-up discussion and responses to specific questions.

The following are methods of providing written translation of documents:

› **Human-Translation Services**

Human translation (i.e., non-automated translation provided by human, multi-lingual translators) services are available both locally in the CMCOG-COATS MPO region and through internet-based translation businesses who provide services nationally. A listing of selected providers is given in **Appendix G**.

› **Automated Translation (Google Translate, Bing Translator)**

Online automated translation services, such as Google Translate (<https://translate.google.com/>) or Bing Translate (<https://www.bing.com/translator/>), provide on-demand translation among multiple languages, as well as an application programming interface (API) that may be integrated into existing webpages. As an implementation step of this plan, CMCOG-COATS intends to implement Google Translate on the CMCOG-COATS MPO website. Similar to other agency sites, icons or hyperlinks that identify alternative languages and initialize Google Translate could be added to the webpage. The function would automatically translate website text into the user's language of choice.

## The “Four I” Approach

---

The “Four I” Approach is a template for structuring the implementation process at each Contact Point, and is defined according to the following four (4) groups of activities:

**1. Inform**

*Providing notice to LEP persons of the language assistance services available to them.*

**2. Identify**

*Recognizing LEP persons and identifying their preferred spoken language.*

**3. Interact**

*Accessing and using resources for language translation and interpretation.*

**4. Instruct**

*Training staff on the resources that will enable them to accommodate LEP persons.*

## Contact Points

---

### *Public Meetings*

Public Meetings are the formally announced and advertised meetings conducted by the MPO, in fulfillment of its Unified Planning Work Program (UPWP) and Public Participation Plan (PPP). In large part, this encompasses the CMCOG-COATS MPO Board Meetings and periodic plan-specific public meetings for the Transportation Improvement Program, Long Range Transportation Plan, Public Participation Plan, and Coordinated Public Transit-Human Services Transportation Plan.

Public Meetings	
<b>Inform</b>	Legal Ad Press Releases Webpage Ad Notice of Language Services (venue)
<b>Identify</b>	Contact CMCOG-COATS prior to meeting Language Card
<b>Interact</b>	Telephone-Based Interpretation Service Designated Staff person
<b>Instruct</b>	Meeting Sign-In Process Accessing/Using the Telephone Based Interpretation Service

#### Inform

The advertisement requirements for Public Meetings are prescriptive, with a legal advertisement in a “newspaper of general circulation” being the standard method for fulfilling the legal requirement for meeting advertisement. Press releases, website postings/announcements, and email blasts to Interested Parties are supplemental advertisement techniques that the CMCOG-COATS MPO is committed to using, per its PPP.

The CMCOG-COATS MPO will provide notice of the availability of translation and/or interpretation services in legal ads, press releases, and website posts that announce or advertise a public meeting. The notice will be provided in English and other languages as requested. The following sample text would be used and adapted, as necessary:

#### ENGLISH:

“The content of this [advertisement / press release / posting] is available in alternative formats and other languages upon request by contacting the CMCOG-COATS Metropolitan Planning Organization (MPO). Persons who plan to attend the announced [meeting / event / activity] and require language interpretation services and/or special accommodations under the American with Disabilities Act should contact the CMCOG-COATS MPO at least seven (7) days prior to the [meeting / event / activity]. Contact the MPO by phone at (803) 744-5133, by written letter addressed to 236 Stoneridge Drive, Columbia, SC, 29210 or by email to [rsimmons@centralmidlands.org](mailto:rsimmons@centralmidlands.org)

At the meeting venue, the CMCOG-COATS MPO will display a poster-sized version of its *Notice of Language Services* (**Appendix B**). The notice will be displayed in both English and Spanish.

Identify

Whether or not an LEP person contacts the MPO prior to a Public Meeting, the key identification point will be the Welcome/Sign-In station provided at the meeting venue. It is preferable that LEP persons “self-identify” themselves, as requested in the *Notice of Language Services*. The MPO will maintain a Language Identification Card as standard material for the Welcome/Sign-In station.

Interact

At each Public Meeting, the CMCOG-COATS MPO will have at least one trained staff person designated to interact with the LEP person(s) in attendance. This person will be trained in accessing and using the on-demand telephone interpretation service, which will be used to facilitate discussion. A cellphone with speaker capability will be provided for this purpose. (Cell phone reception should be checked when evaluating venues as potential meeting sites.)

Instruct

Training for the Public Meeting Contact Point will address the following:

- Writing Legal Advertisements, Press Releases, and Webpage Postings – Training may or may not be required for staff who draft and assemble the various announcements and other materials in which the availability of language services is advertised.
- Identifying LEP Persons – Training is recommended for persons who will staff the Welcome/Sign-In Station. These staff should be familiar with the *Notice of Language Services* and use of the Language Identification Card.
- Interacting with LEP Persons – Training is critical for the person who is designated to interact with the LEP persons. These staff should be familiar with the access process and credentials for the on-demand interpretation service and have some experience with handling the dynamics of communication via interpreter. Learning through “shadowing” a person performing this function is recommended.

***Office Walk-In***

An Office Walk-In involves an LEP person or group visiting the CMCOG-COATS MPO at their office in person. While this method of contact may be infrequent, the purpose of such a visit may be more urgent and have a weightier purpose—such as a discrimination complaint.

<b>Office Walk-In</b>	
<b>Inform</b>	Notice of Language Services (lobby) Language Reception Instructions (lobby)
<b>Identify</b>	Language Card
<b>Interact</b>	Telephone-Based Interpretation Service
<b>Instruct</b>	Reception Process

Walk-in visitors are typically unannounced but may have called ahead to arrange a meeting with a certain staff person.

#### Inform

Initial contact between the LEP person and CMCOG-COATS staff will likely occur in the CMCOG-COATS office lobby. Therefore, in this location, a version of the *Notice of Language Services (Appendix B)* will be displayed. The notice will be displayed in both English and Spanish. Along with the *Notice*, a second smaller poster will briefly describe (again, in English and Spanish) the process that the CMCOG-COATS reception staff will use to identify the language spoken and call the telephone-based interpretation service.

#### Identify

It is preferable that LEP persons “self-identify” themselves, as requested in the *Notice of Language Services*. The MPO will maintain a Language Identification Card at the Reception Desk, for use in discovering the language being spoken.

#### Interact

Likely, the CMCOG-COATS receptionist will be the first contact point. Each reception staff person will be trained in accessing and using the on-demand telephone interpretation service, which will be used to facilitate discussion.

#### Instruct

Training for the CMCOG-COATS reception staff and the CMCOG-COATS MPO staff will address the following:

- Lobby Posters and other Bi-Lingual Informational Material – Training will identify the location, content, and use of the lobby posters and any other supplemental material developed for use in the CMCOG-COATS lobby to notify the LEP person of the availability of language services and the process that he or she can expect.
- Identifying LEP Persons – Training will focus on the use of the Language Identification Card.
- Interacting with LEP Persons – Staff will be informed about the credentials and access process for the telephone-based interpretation service. Instruction will also include general principles on interacting with an LEP person and the interpreter.

***Telephone Call***

Telephone calls to the CMCOG-COATS MPO would likely come through the main CMCOG-COATS phone number, in which case, they would be answered by the CMCOG-COATS reception staff. In particular, phone calls regarding language assistance services may be expected in reply to advertisements and other notices that request notification in advance of meeting.

<b>Telephone Call</b>	
<b>Inform</b>	Explanation of Services Available (through phone service)
<b>Identify</b>	Through Phone Service
<b>Interact</b>	Telephone-Based Interpretation Service
<b>Instruct</b>	Phone Answering Process

Inform

An LEP person who places a phone call to the CMCOG-COATS office will, in all likelihood, be responding to an advertisement, web posting, or other announcement that solicits the call for a purpose and provides notice about the availability of language assistance. In this case, the LEP person would be at least partially informed about the MPO’s commitment to make information available in other languages. A more expansive explanation of the specific language services provided and the expectations for how they are provided would be communicated once the language of the LEP person is identified and interpretation services are initiated.

Identify

The LEP person may not self-identify his or her preferred language, and the person taking the call may not be able to identify the language without help. In either case, assistance in identifying a caller’s language can be handled via the Telephone-Based Interpretation Service.

Interact

Likely, the CMCOG-COATS receptionist will be the first contact point. Each reception staff person will be trained in accessing and using the on-demand telephone interpretation service, which will be used to facilitate discussion. Most all interaction with the LEP person will occur with the interpreter’s help. The receptionist may also transfer the call to the CMCOG-COATS MPO staff, which may require the use of advanced phone system features in transferring the call.

Instruct

Training for the CMCOG-COATS reception staff and the CMCOG-COATS MPO staff will address the following:

- Identifying LEP Persons – Training will focus on the process and expectations for how the Telephone-Based Interpretation Service will identify the LEP person’s language.
- Interacting with LEP Persons – Staff will be informed about the credentials and access process for the telephone-based interpretation service. Instruction will also include general principles on

interacting with an LEP person and the interpreter. Instruction about the telephone system features and process necessary to transfer the conference call to another person should be given to both reception staff and MPO staff.

**Webpage**

The CMCOG-COATS MPO’s site address is [www.centralmidlands.org](http://www.centralmidlands.org). The site provides a platform for disseminating information about its plans and programs, advertising, and upcoming activities. Contact with the CMCOG-COATS MPO through their website portal is one of the more likely contact points used by LEP persons, for many of the same reasons that non-LEP persons seek out a webpage. Information and answers to questions may be handled on a self-serve basis, which is typically more comfortable for most persons who are savvy with the internet and computer technology. There is much information already on the CMCOG-COATS MPO webpage that may be readily accessed. Beyond this, for an LEP person, looking up a webpage is far less confrontational than telephone or in-person contact.

Webpage	
<b>Inform</b>	Webpage notice
<b>Identify</b>	Self-Identify
<b>Interact</b>	Google Translate
<b>Instruct</b>	Web Standards/Protocol

As an implementation step of this plan, CMCOG-COATS MPO intends to implement Google Translate on the transportation website. In addition, certain human-translated “vital documents” (identified previously) will be made available on the website in Spanish. To verify the accuracy of the Google Translate tool for the Spanish language, an analysis of the Spanish Google Translate output for the CMCOG-COATS MPO webpage was completed by a bi-lingual English/Spanish translator to verify the accuracy of the translation. Although some translation issues were identified, there were no substantive issues that would inhibit a speaker of Spanish from understanding the implied meaning of the text.

Inform

The *Notice of Language Services* (**Appendix B**) will be integrated into the CMCOG-COATS MPO webpage through one or more of the following:

- Adding the *Notice of Language Services* to the CMCOG-COATS MPO webpage, with one or more links added in the navigation menu. Links would be placed under the “Public Participation Plan” and “Comments” sections. The *Notice* would display in Spanish and English.
- Adding a hyperlink to the *Notice of Language Services* adjacent to the Google Translate icon when this tool is added to the webpage.

- Integrating the *Notice of Language Services* into the Google Translate tool, such that a new “popup” tab opens the first time a user activates Google Translate. The notice will display in Spanish and English.

Identify

Since use of the CMCOG-COATS MPO webpage would be self-directed, identification of the LEP person would be accomplished through the user’s selection of language through the Google Translate tool.

Interact

With an LEP Person accessing the webpage, interaction occurs according to the user’s preferences and access of the posted information. Translation of the webpage is automated, and interpersonal interaction is not expected. However, interactions with the webpage may be only an initial contact point, and may generate other contact points (phone call, walk-in, written correspondence, etc.)

Instruct

Minimal instruction of staff is required for the webpage contact point. Instead, the web page design and ease of use may require some thought about how LEP persons would approach and use the webpage. Training of the IT staff may be necessary for successful webpage integration of the Google Translate tool (web standards, protocols, HTML coding).

***Written Correspondence***

Contact through Written Communication includes both paper and electronic email correspondence. Both contact points are likely with LEP persons, as these communication methods are less confrontational and require minimal interpersonal interaction. Written correspondence may be very well suited for certain purposes, such as identifying an issue of concern or providing specific comments on a plan or program. In other cases, written correspondence will serve as a starting point for additional contact, whether a phone call, face-to-face discussion, or a webpage visit.

<b>Written Correspondence</b>	
Inform	Notice of Services Available
Identify	Language ID tools
Interface	Google Translate Translation services
Instruct	Translation services Other translation tools

Inform

Written correspondence may be the most accessible and well-advertised contact point for LEP persons, as most materials published by the CMCOG-COATS MPO include the office mailing address and an email address. On the CMCOG-COATS website, the office address appears at the bottom of every page, with CMCOG-COATS’s general phone and fax number. In addition, most persons— whether LEP or not—

understand the concept of written correspondence and its usefulness for accessing information, providing comments/feedback, and asking questions.

Similar to those who make a phone call to the CMCOG-COATS office, an LEP person who provides written correspondence will, in all likelihood, be responding to an advertisement, web posting, or other announcement that solicits the call for a purpose and provides notice about the availability of language assistance. In this case, the LEP person would be at least partially informed about the MPO's commitment to make information available in other languages.

#### Identify

Identifying the language of a paper copy, written document may require the contracted help of a translation service. The paper copy or electronic scan (PDF or other image format) would be provided to the translation service provider, which would identify the language and translate the document into English. A listing of translation service providers, including webpage and contact phone numbers, is provided in **Appendix G**.

For email or other written electronic correspondence, the contracted translation service may be used, or the "Detect language" function of Google Translate may be used to automatically detect the language. The electronic text would be copied into an automated translation tool (Google Translate, Bing Translator, etc.), which would detect the language assuming that it is one that is supported by the tool. Even if the translation is not fully accurate, this method should be sufficient to identify the language.

#### Interact

Some, but not all, of the correspondence from LEP persons will require a response, which would be the primary point of interaction. If the correspondence is simply providing feedback or comment on a plan or program, a response would be optional. Regardless, the response would be prepared in English and then translated into the language spoken by the LEP person. Since an accurate translation would be desired, the contracted help of a translation service would be used to prepare the response. Google Translate may be used if the message is simple and an immediate response is needed. However, since it is based on automated routines (as opposed to human translation), it may not accurately communicate the message desired.

#### Instruct

Training for the written communication contact point would focus on the selection and use of the various translation tools. The training will introduce the Google Translate tool and its capabilities, along with examples. The process for accessing the contracted translation service and the expectations for turnaround of a translation would also be described.

## LEP Plan Coordination & Staff Training

---

As part of the LAP, the CMCOG-COATS MPO has identified resources and tools to be used in various contexts (i.e., Contact Points) to provide language assistance services. The resources and tools when identified will be compiled into an *LEP Employee Resources Manual*, and staff expertise in using them will be developed through an *LEP Employee Training Presentation*. Reginald Simmons, the CMCOG-COATS MPO Transportation Director, has been designated as the Language Assistance Coordinator and will oversee the staff training activities.

### ***LEP Employee Training Presentation***

The Training Presentation has been prepared in Microsoft PowerPoint and includes two primary sections: 1) an overview of the LEP Plan, including the Four Factor Analysis; and 2) an explanation of the tools and resources appropriated in the LAP. The presentation includes a hyperlink to an online video presentation developed by the U.S. Department of Justice for laypersons who are learning about language access and assistance. With the video and a time for questions, the full Training Presentation can be completed in 1 hour.

### ***LEP Employee Resources Manual***

The *Manual* is a compilation of the various resources and tools available to the CMCOG-COATS staff for providing language assistance. The *Manual* is comprised of tools and resources that are found in the Appendix of this LEP Plan Document. Versions of these materials are maintained in electronic (PDF) and paper copy (binder). Each staff member who participates in the *Training Presentation* will receive a paper copy of the *Manual*. Much of the material in the *Manual* is self-explanatory and may be used for a variety of training formats:

- On its own for brief “crash course”;
- With the guidance of a trained staff person for “one-on-one” training; or
- Alongside a copy of the Training Presentation for “self-paced” training.

Paper copies of the *Manual* will be maintained in the CMCOG-COATS receptionist’s desk and at the Welcome Center of CMCOG-COATS MPO public meetings, so that the language assistance materials are available for quick reference in serving LEP persons.

## Plan Evaluation Process

---

The LAP, along with the larger LEP Plan, will be evaluated annually by interested staff or a committee assembled by the Language Assistance Coordinator, in compliance with current FHWA and FTA guidance. An update to the LAP will be considered a “technical update” and would not require public comment and re-adoption by the MPO unless the update substantially changes the public participation process.

The following materials are provided in **Appendix H** for use in the annual review process:

### ***LEP Plan Self-Assessment Checklist***

The LEP Plan Self-Assessment Checklist may be used as the overarching template for the assessment. The Checklist provides a series of questions designed to encourage discussion and critical thinking about the success of interactions (if any) with LEP persons, the usefulness of the plan provisions and LAP, and the evolving nature/growth of LEP populations and their needs in the CMCOG-COATS MPO region.

### ***LEP Interaction Tracking Form***

The LEP Interaction Tracking Form has two components that are used in documenting interactions with LEP persons:

- The *Record of Interactions* collects information about each interaction with an LEP person. Each row represents an interaction. Multiple copies of this form may be used in a given year.
- The *Annual Report Summary* draws from the Record of Interactions and serves as a one-page, annual report of the information collected about LEP interactions.

The *Record* and *Annual Report* are intended to inform certain questions asked in the Self-Assessment.
