MEMORANDUM

Enclosure 2

TO: MPO and COG Directors
FROM: Christy A. Hall, P.E., Secretary of Transportation
DATE: October 12, 2022
SUBJECT: Increased Guideshare Allocation for FFY 2023

chy

As you recall, last year the South Carolina Department of Transportation (SCDOT) Commission approved increasing the Regional Mobility Program funding level by \$100 million over a four year period. Additionally, the Commission established a minimum funding level within the program in order to ensure that any MPO or COG would be able to implement larger capital projects. Last year, we began the ramp up by increasing the Regional Mobility Program by approximately \$25 million and established a minimum funding level of \$4 million.

In anticipation of the start of a new federal fiscal year, we presented and the Commission approved, a continued ramp up of the Regional Mobility Program funding level to a new total of \$188 million (≈\$50 million over baseline). We also increased the minimum funding level of each entity up to \$5 million. Since the census data is still lagging, we utilized the previously approved (2010 population figure-based) funding distribution formula for \$40 million of the increase and approximately \$11 million to bring each region up to the \$5 million minimum.

We currently expect to receive information on expanded areas of urbanization based on the 2020 census information in December 2022. For this reason, the current allocation used the 2010 census figures, and we request that you plan and program future projects based on the FFY 2023 baseline funding numbers illustrated in the enclosure. **Please understand that these numbers may modify for future years beyond FFY 2023.** As we work through this process, we will keep you informed and communicate any future guideshare allocations modifications.

If you have any questions, please do not hesitate to reach out to SCDOT Director of Planning Machael Peterson at (803) 737- 1618.

*Thank you!!
